

Expense Policy

Finance & Administration

Policy Title	Expense Policy
Policy Code	FIN-POL-007
Effective Date	16 September 2026
Version	1.0
Applies To	All employees incurring business expenses
Owner	Finance Department

1. Purpose

This policy establishes the rules and procedures for incurring, approving, and reimbursing business-related expenses. The objective is to ensure that expenses are reasonable, necessary, properly documented, and incurred in the best interest of the Company.

2. General Principles

- Expenses must be business-related, reasonable, and incurred with prior approval where required.
- Employees are expected to exercise the same care in spending Company funds as they would their own.
- Personal expenses are not reimbursable under any circumstances.
- All claims must be submitted within thirty (30) days of the expense being incurred.
- Original receipts are required for all claims above the petty cash threshold.

3. Pre-Approval Requirements

Expenses exceeding the equivalent of USD 500 (or as specified by local limits) require written pre-approval from the department head or Finance. Travel, training, and entertainment expenses must be approved in advance through the standard approval workflow.

4. Travel Expenses

- Air travel: economy class for flights under six (6) hours; business class requires prior approval.
- Accommodation: standard business-class hotels within the Company's approved rate limits.
- Local transport: taxis, ride-hailing, or public transport are reimbursable with receipts.
- Mileage: use of a personal vehicle is reimbursed at the Company's approved per-kilometer rate.
- Meals: reasonable meal expenses during business travel are reimbursable within daily limits.

5. Entertainment and Client Hospitality

Business entertainment must be directly related to Company business and include the names of attendees and the business purpose on the claim. Entertainment expenses require manager approval and are subject to per-person limits.

6. Non-Reimbursable Expenses

- Personal items, gifts, and personal travel.
- Fines, penalties, or parking tickets.
- Commuting costs between home and the regular place of work.
- Alcoholic beverages, unless approved as part of client entertainment.
- Expenses already paid for or provided by the Company.

7. Expense Claim Procedure

Employees must submit an expense claim using the Company's expense form or system, attaching itemized receipts and a clear business purpose for each line item. Claims must be approved by the employee's manager and then processed by Finance.

- Step 1: Complete the expense claim form with all required details.
- Step 2: Attach original receipts and supporting documentation.
- Step 3: Obtain manager approval.
- Step 4: Submit to Finance for verification and processing.
- Step 5: Reimbursement is processed within fifteen (15) working days of approval.

8. Reimbursement and Currency

Reimbursements are paid in the employee's local currency via bank transfer or payroll, whichever is applicable. Expenses incurred in foreign currency are converted at the exchange rate applicable on the date of the expense, as determined by Finance.

9. Cash Advances

Cash advances may be granted for approved business travel or project needs. Advances must be settled with receipts within fifteen (15) working days of the trip or project completion. Outstanding advances must be cleared before further advances are issued.

10. Audit and Compliance

The Company reserves the right to audit expense claims. False, inflated, or fraudulent claims are a serious disciplinary offence and may result in termination of employment and legal action. Employees must cooperate fully with any audit or review.

11. Policy Compliance

Questions regarding this policy should be directed to the Finance Department. The Company may update this policy from time to time; the latest version will be published and communicated to all

employees.
